Product Introduction

System Power

■ Power supply

Model	NEW NCP-3200 (1U)		RST-15K (2U)		NEW SHP-30K (2U)	
Cabinet (U)	Number of units	Total Power (KW)	Number of units	Total Power (KW)	Number of units	Total Power (KW)
15	40	128	5	75	5	150
22	72	230	9	135	8	240
30	100	320	12	180	12	360

■ Energy Recycle System

Model	BIC-2200 (1U)		NEW ERG-5000 (2U)	
Cabinet (U)	Number of units	Total Power (KW)	Number of units	Total Power (KW)
15	40	88	10	50
22	72	158	18	90
30	100	220	24	120

Product Introduction

System Power

■ UPS System

Model	NEW NTN-5K (2U)	
	Number of units	Total Power (KW)
Cabinet (U)		
15	10	50
22	18	90
30	24	120

Product Introduction

System Power

Configuration of 1U Product

Model	NEW NCP-3200		BIC-2200	
	Cabinet	Units	Units	Total power
15U		40	40	128KW
22U		72	72	230KW
30U		100	100	320KW

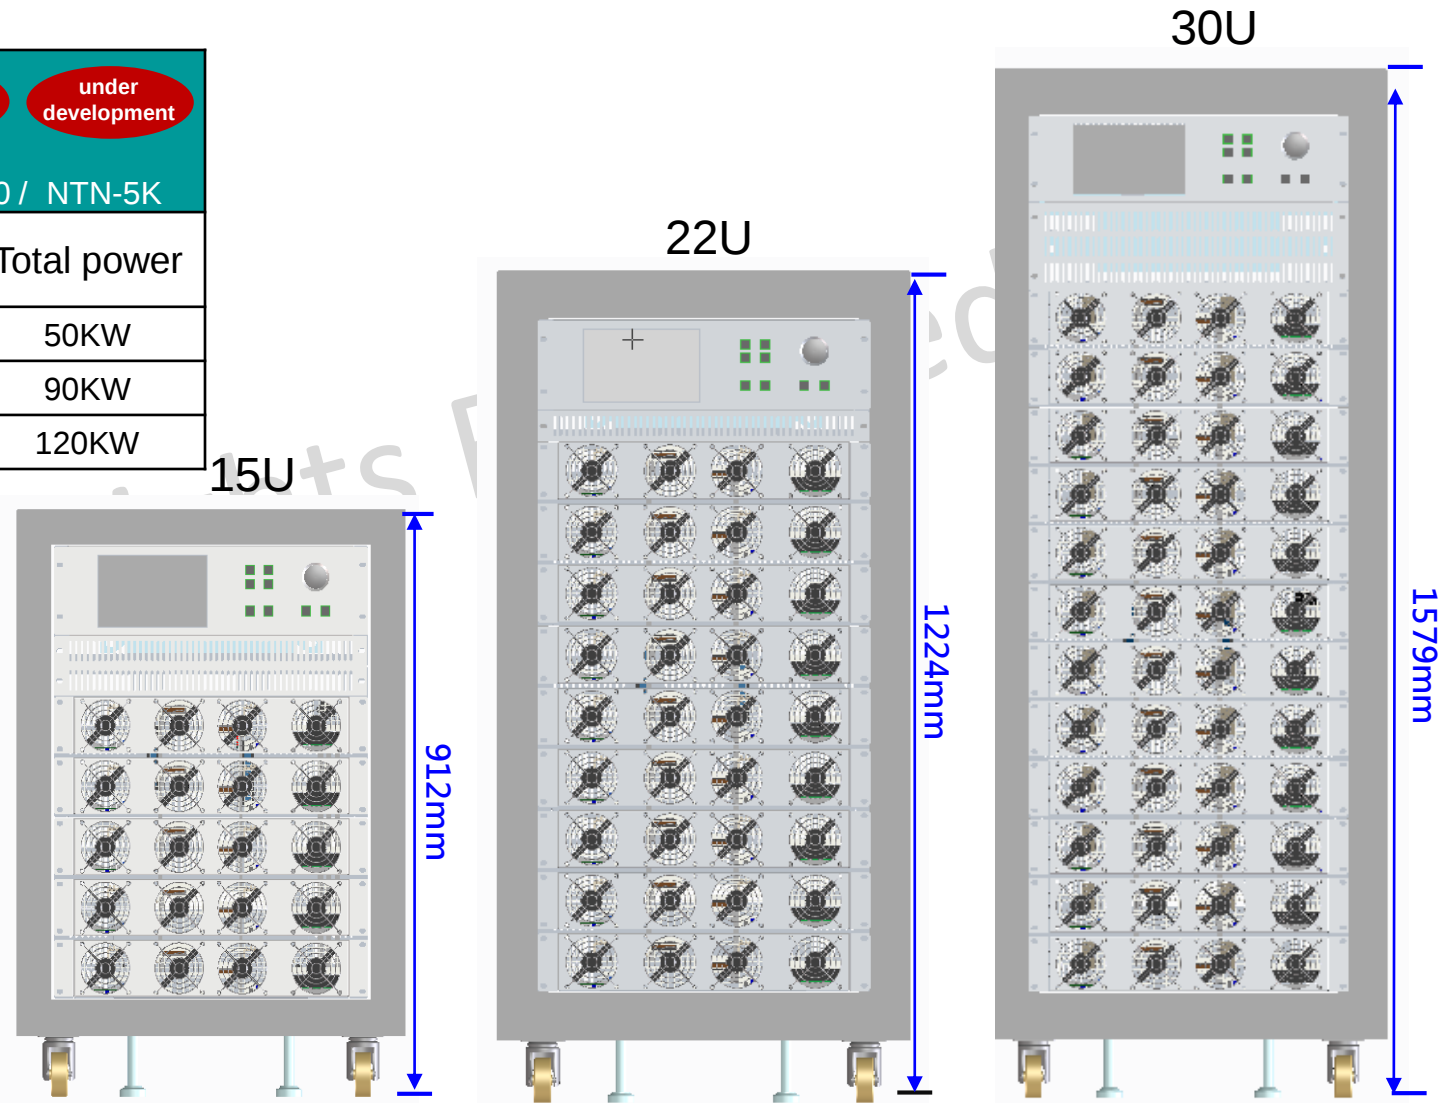

Product Introduction

System Power

Configuration of 2U Product

Model	RST-15K		NEW SHP-30K		NEW under development ERG-5000 / NTN-5K	
	Units	Total power	Units	Total power	Units	Total power
15U	5	75KW	5	150KW	10	50KW
22U	9	135KW	8	240KW	18	90KW
30U	12	180KW	12	360KW	24	120KW

System Power

Flexible

- Flexibly expand output power up to **510kW**
- Support hot-plug (hot swap)

Intelligent

- Smart controller **CMU2** available
- Digitalized design, precise control on parameters
- **Software & firmware ready** for different applications

Programmable

- **Programmable** output voltage and current
- Diversified **communication protocols** are available

Smart UI

- **Web UI** ready for monitor and control locally or remotely

Remote Control
